Despite my best intentions, I inevitably forget something when curriculum shopping. I have lists in notebooks and little slips of paper as I remember a little something else we need, but wanted to make a central list for myself to track curriculum we needed for the upcoming year - and supplies. The different colors? Well, those are to help me track which kiddo the list is for. (Yes, we color-code our kids. Don't judge. Please.)

There is space for me to track what we need, what we have, and the best price that I've found online so far if the curriculum is purchased new. With convention season coming up, I want to make sure that I'm getting the best deal, especially if I find it used!

curriculum shopping List

So - enjoy the shopping list and hopefully it is as much a help to you as it is to our family!
