

Goodnight Moon Sequencing Strips

Thanks so much for stopping by my site and downloading this file. I hope that you and your child have **MUCH** fun together using this free resource! You can find additional printables for Goodnight Moon on this page:

<http://homeschoolcreations.com/GoodnightMoonPrintables.html>

This pack contains early learning sequencing printables to use with your toddler or preschooler when reading [Goodnight Moon by Margaret Wise Brown](#). I would highly recommend printing the activities from this set onto cardstock so that they are sturdier for younger hands.

If you would like to share, please share a link to my blog or to the page that hosts these files. **Please do not link directly to just the PDF files** (the link you are at now). Please feel free to print this pdf file for your own personal use. They were created for private and non-profit use. Please do not sell or host these files anywhere else.

You can also find extra go-along printables to use with many of the other children's books on my website:
